## **GOVERNOR MIKE HUCKABEE AND HUCKPAC ENDORSE BRIAN BIRDWELL FOR TEXAS STATE SENATE IN DISTRICT 22**

*Huckabee Releases Statement about Birdwell's Bid in the Texas 22<sup>nd</sup>*

**Little Rock, AR** – Governor Mike Huckabee issued the following statement about Brian Birdwell:

“Huck PAC and I are pleased to endorse Brian Birdwell for Texas State Senate in district 22. A native Texan and decorated military veteran, Lt. Col. (Ret.) Brian Birdwell is a true commonsense conservative. His story of service to his country and is truly a remarkable one.

Brian is a Patron Life Member of the NRA and has received an A rating from NRA – he understands the true meaning and importance of the second Amendment. A voice for life, Brian believes that all life is precious, sacred and must be protected.

This legislative session, Texas faces great challenges with its budget and an overreaching out of control federal government – Brian will fight to protect families from government intrusion and to preserve the conservative values that have made Texas the envy of the nation.

I hope you will join me in sending this great man and a true hero to Austin.”
